Empathy Map

SAYS • I need an easy way to predict a country's HDI. • Manual HDI calculation takes too much time. • I want accurate and reliable prediction results.	THINKS • Can this prediction be trusted? • Will the model improve my analysis? • I hope the system is simple to use.
<i>Researcher</i>	
DOES • Collects country development data. • Enters education and income values. • Uses the prediction result for analysis and decision-making.	FEELS • Confused by complex HDI calculations. • Wants faster and accurate predictions. • Satisfied when the system provides instant results.
